Stabler Walnut Kernal

INDIANA NUT NURSERY

J. F. WILKINSON, Proprietor

*Budded and Grafted Hardy Northern Nut
Trees My Specialty*

ROCKPORT, INDIANA

SPECIAL SALE OF NUT TREES SPRING OF 1940

April is spring tree planting time, and due to the unusually late cool weather trees are about two weeks later than usual at this time.

Nut trees being naturally later than most other kinds of trees to start growth in spring, these nut trees are still dormant and can be planted up to and during the first week in May.

I have a stock of choice Walnut trees all one year's growth of leading varieties, Ohio, Thomas, Stabler, and a few Stambaugh, also a few of the "Lamb" curly grained walnut.

| | 4x5 ft. | 5x7 ft. |
|---|-------------|-------------|
| In lots of 5 or more | \$1.50 each | \$1.60 each |
| In lots of 10 or more | 1.40 each | 1.50 each |
| In lots of 50 or more, assorted varieties | | 1.35 each |

Am now sold out of pecan trees under 5 ft. size, have a few 5x7 ft. and some very nice two year trees 7x10 ft. in Major, Greenriver, Indiana, and Posey varieties.

| | 5x7 ft. | 7x10 ft. |
|-----------------------------|-------------|-------------|
| In lots of 3 or more | \$1.60 each | \$2.00 each |
| In lots of 10 or more | 1.50 each | 1.75 each |

In this sale at above prices right is reserved to substitute a variety of equal value, in case variety ordered should be exhausted, unless no substituting is stated in order.

Trees offered in this sale are first class stock, and not off grade trees and offered at this price only for the purpose of cleaning up blocks, rather than carry this size trees over another season.

Prices are for cash orders received on or after April 25, 1940, for remainder of this spring season, or until supply of these trees is exhausted.

Hoping to receive your order, I am very truly yours,

J. F. WILKINSON.

Every tree planter should plant nut trees

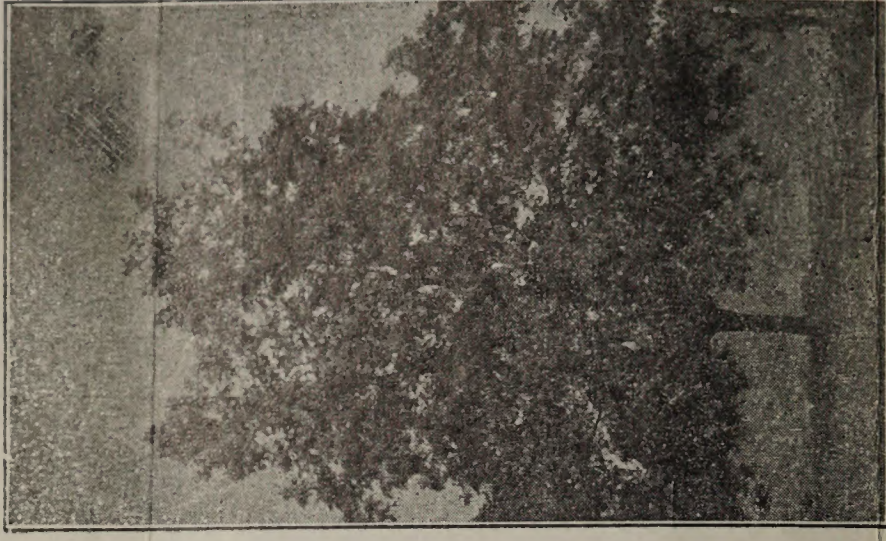

10-YEAR-OLD OHIO WALNUT TREE

The above Walnut Trees have been bearing since four years old, producing bountiful crops of nuts last season, as shown by pictures.

10-YEAR-OLD THOMAS WALNUT TREE

25-YEAR-OLD INDIANA PECAN TREE

This pecan tree has been bearing since seven years old and has three times produced more than 100 pounds in a crop.

Beautify and make profitable your lawn, and surroundings with Nut Trees.
